7 Health Insurance

In Switzerland having a health insurance is compulsory. Students holding a European Health Insurance card as well as persons whose health insurance schemes are recognized by the Swiss authorities can apply to become exempt from the duty to take out health insurance. A written request for exemption (form A) from the Swiss health insurance requirement must be filled in within the first 3 months of taking up residence in Switzerland. Bern Social Insurance Office makes the decision about exemption. Include a copy of the European Health Insurance Card with your application for exemption. If you haven’t fill in an exemption form you must take insurance in Switzerland!!!

Ratings and comparisons of health insurances and their prices are available at https://en.comparis.ch/krankenkassen/default
We suggest to visit the following website in case you do need a health insurance:
https://swisscare.com/international-student-insurance/

8 HousingAnywhere

Students that go on exchange or internship and want to rent out their room can use the housing platform www.HousingAnywhere.com. You can earn some extra money for your exchange by renting out your room, and you will help Bern University of Applied Sciences, with increasing the supply of short-stay housing for the incoming exchange students. Also if you live with your parents, you can use this platform to rent out your room as a "home stay": most parents like to host an international student for 1 semester; ask them first of course before doing it!

www.HousingAnywhere.com is free to use and it operates on a student-to-student basis. Feel free to use this webpage as well to rent out your room during summer (to students doing a summer course / summer internship in our city).

9 Sports

BFH offers a wide range of sport activities at the locations Biel, Burgdorf, Magglingen and Zollikofen. BFH Sports also has collaboration with the University of Bern enabling BFH students to use the Bern University's sport facilities and participate in their classes and trainings.
